Poland Toruń 2024
Trip to Chełmno
16.08.2024

The biggest attractions of Chełmno are the original monuments from the times of its glory (13th-14th centuries). The medieval checkerboard street layout and the 2270 m long Gothic defensive walls have been fully preserved, being one of the most magnificent examples of defensive architecture in Europe. In Chełmno, which is on the European Route of Brick Gothic, you can admire many historic buildings. One of them is the parish church of the Assumption of the Blessed Virgin Mary, which houses the relic of St. Valentine. It is thanks to it and the annual celebration on February 14 - St. Valentine's Day, the so-called "Chełmno Valentine's Day", that Chełmno is also known as the "City of Lovers" and "City of Love".
